Qosmedix Introduces New Facial Exfoliating Sponges

Ronkonkoma, NY, July 3, 2018 – Qosmedix is excited to announce that two new facial exfoliating sponges have been added to its expanding Beauty Supplies category. Available in two different styles, oblong and teardrop, these sponges will leave skin feeling refreshed and healthy. The unique shape of the Gentle Exfoliating Oblong Sponge (Part # 20242) allows users to easily reach facial contours, while the Finger Mitt Facial Exfoliating Sponge (Part # 96654) conveniently fits onto fingers to exfoliate hard-to-reach areas. Spa and salon professionals can use the sponges to complement or prep for treatments. Both sponges are reusable and can be easily washed with mild soap and water, making it a great promotional item, giveaway or addition to a gift set. Both styles are available in a vibrant hot pink color, however, the color of the sponges can be customized for a minimum of 5,000 pieces. Please visit www.qosmedix.com to place an order or to learn more about this product.

Qosmedix is an ISO 9001, ISO 14001 certified global supplier to the cosmetic, skin care, spa and salon industries. Founded on the concept of maintaining hygienic practices during beauty consultations, the company has expanded to provide an array of high quality products that offer convenience and value to its customers. The vast inventory includes brushes, swabs, applicators, disposable spa wear, jars, bottles and more. For assistance with sample requests, orders or customization inquiries, please contact a Customer Specialist by phone: +1 (631) 242-3270, fax: +1 (631) 242-3291, or e-mail: info@qosmedix.com. Ask to receive the latest catalog, or visit qosmedix.com to view the complete product line. Qosmedix is a division of Qosina, a leading international supplier of components to the medical and pharmaceutical industries.
