HerbaShield® URB – The Natural Solution to Pollution

At in-cosmetics Global 2017 we will launch HerbaShield® URB, a COSMOS-approved botanical active with pronounced anti-pollution and efficient detoxification activity. This new product provides a natural protection for skin exposed to urban challenges:

- Reduction of pollution-induced skin damage
- Efficient detoxification of air pollutants
- Enhanced protection against environmental stress

HerbaShield® URB is a self-preserving, three-component system based on watercress, horsetail and nettle extracts. The active substances of the plants are embedded in a unique matrix of phospholipids and maltodextrin, resulting in an easy-to-use powder formula combining the benefits of botanical extracts and phospholipids.

- Unique combination of plant-derived active substances and phospholipids
- COSMOS-approved raw material

We look forward to meeting you at in-cosmetics Global 2017 and present you more details about HerbaShield® URB at our stand M10.
